Tony Collings
Cybersecurity State Coordinator

Tony Collings is the Cybersecurity and Infrastructure Security Agency (CISA) Region 5 Cybersecurity State Coordinator (CSC) for Illinois.

CISA protects the Nation's critical infrastructure from cyber and physical threats by working with partners to defend against today's threats and collaborating to build more secure and resilient infrastructure for the future.

Tony brings 39 years of information technology experience to the CSC position including seven years of cybersecurity experience. Prior to joining CISA, Tony served the State of Illinois as a Deputy Chief Information Security Officer at the Department of Innovation and Technology (DOIT), where he played a key role in the development and maturation of the state's cybersecurity program. Tony has worked for state government for much of his career, including positions at Central Management Services, Illinois State Police, Illinois Department of Corrections, and the Administrative Office of Illinois Courts. Tony has also worked in the energy sector of critical infrastructure.

Tony earned a Bachelor of Science degree from Eastern Illinois University, majoring in Computer Management. A lifetime learner, he has obtained several certifications in Cybersecurity, Cloud Security, Privacy, and Project Management.

Tony resides in Springfield, Illinois.
